To Whom It May Concern:

Due to New York State regulations, Lintech Components requires you to fill out a New York State Resale Certificate (**part two**). This is for non New York State vendors.

We cannot charge your business sales tax and we cannot accept your state's resale certificate. The reason for this is you are buying parts in New York not the state your business is in. Therefore, your resale certificate is not valid in New York State. This form is strictly for our files in case New York State audits Lintech Components.

If you have any questions regarding this matter, please feel free to contact me. You may also contact NYS Dept. of Tax and Finance at 1800-972-1222 to answer your questions.
