Customer Comments (Please supply as much information as you can so we can better service your needs):

RMA's may be denied if requested after 15 days of invoice date. Lintech Components will not be responsible for damaged, or lost components that are returned without an authorized RMA number. Once parts are received, and inspected, credit will be applied to your account. **Lintech Components uses ESD procedures.** Parts must be packaged properly in ESD protection. Improper packaging could be cause for rejection. The RMA number must be on the outside of the box in large type.

- * A restocking fee may be applicable when issuing RMA's
- * RMA will be cancelled after 15 days if parts are not received
- * Do not send returns COD
- * All material is subject to inspection before credit is issued. We reserve the right to reject merchandise due to improper packaging
- * Defective product must be accompanied with a failure report
